

NY CEO Forum Feedback

*Here's what two NY CEO Dinner Forum attendees
had to say about the experience*

"I've never had a chance to talk, at all to my peer groups, ever. And that was just a great use of time, so I hope you'll do it again for organizations of similar size. I found that to be the #1 training event that I've attended in 5 years. I've been raving about it. I came back from that dinner euphoric the next day, I told everybody about it, I called my Board Chair and said, 'I finally got a group that I can talk to'."

*Steve Mariotti, President and Founder
National Foundation for Teaching Entrepreneurship*

"I greatly appreciated the opportunity to meet the wonderful leaders you brought together, and to center our discussion around a core issue we all faced. It's not very often that one gets to have a substantive dinner discussion with the heads of a ballet company, magazine trade association, veterinarian group, and international student hostel, all at one time!"

*Iris Chen, President and CEO
I Have a Dream Foundation*
